

CONFIRMATION FORM B1 (*personal*)

for obtaining the EIRENE license (EPL) and access to the protected resources of <http://www.eirene.de> website

The EIRENE code use and development (with the related databases, visualisation, post-processing and other tools) is protected by the license (Eirene Public License - EPL, available at <http://www.eirene.de/EPL>) which is open-source on condition of remaining open-source and being used for research or education purposes. The basic layer of the licence implies also the non-commercial and non-military use with conditional acknowledgement for the code origin in the publications. For further details, please study the EPL.

I, _____ (full name) **DECLARE**

that I accept the EPL and wish to obtain the EIRENE source code, data and access to further tools in purpose of using it just for fundamental research or education as a member of the following research/education organisation (including self-employment):

I am aware, that by commercial use of the EIRENE except to the limited exceptions provided by the EPL I am losing any right to use EIRENE. I promise to notify the licensor and revoke my <http://www.eirene.de> account activation, if this form becomes obsolete, especially in case of change of employment or affiliation (see below).

The mentioned above organisation is in agreement with the EPL conditions and has already provided general form "B2" for all of its members; it is listed as one of the eligible organisations at <http://www.eirene.de/EPL>.

I understand that my license status is connected with my membership in the organisation mentioned:

a) I declare that I am currently a due member of this organisation

b) I am aware that if the organisation revokes the form B2 or it is cancelled by the Licensor I also lose all the EPL benefits.
